

## **TULALIP RESORT CASINO EXPANSION FACT SHEET – JULY 3, 2025**

### **KEY DATES**

- Tulalip Resort Casino Opened: June 5, 2003
- Expansion and Renovation Announced: November 2023, celebrating 20<sup>th</sup> Anniversary
- Construction Began: January 2024
- Expansion Opened: July 3, 2025
- Casino Renovation: Through late 2026

### **EXPANSION OVERVIEW**

- New 70,250-square-foot addition
- Expanded the Vegas-style casino to a total of 270,250 square feet
- Expansion completion marks major milestone in multi-year transformation
- Continuing renovation of the remaining casino property

### **EXPANSION KEY FEATURES**

- Dramatic new and redesigned north and east entrances featuring massive timber arches and metallic Tribal storytelling spindle whorls
- Introduction of distinctive new design themes and elements to be featured in completed renovation
- Striking full-service “North Bar” opening to an outdoor covered heated patio with seating and a smoking area
- More than 400 additional slot machines, bringing the casino-wide total to more than 2,600
- New restrooms coupled with extensive upgrades to existing restrooms

### **UPCOMING RENOVATION**

- Tulalip Resort Casino will be open to guests throughout the continued renovation
- Will address nearly every surface of the gaming floor
- Highlighting Tulalip Tribes’ culture and traditions, innovative concepts representing the dynamics of the Salish Sea, coastal shorelines and forest environments are woven into design themes visible throughout the expansion and renovation. On the ceiling, design elements representing water currents, ripples, piers, nets, forage fish, and jellyfish are featured prominently
- Color palate: Blues, grays, creams, hints of copper and gold

**EXPANSION/RENOVATION PROJECT TEAM**

- Tulalip Resort Casino, internal project team and division leaders
- Swinerton Construction, building contractor
- Rice Fergus Miller, architectural & interior design firm
- Coffman Engineers, electrical / structural engineering
- JTK Engineering, mechanical / plumbing engineering
- Dark Light Design, lighting design
- Dillon Works, art installation design & fabrication
